

Three Rivers Community Alliance Minutes – 6/17/06

Transcribed by TRC Secretary: Robert Rumery

Treasure's Report - We have \$460 and about \$70 in savings

New Features -

1. The Newsletter - The website now has a newsletter. It contains news, highlights, public notices, and other current events that have been recently added to the website. Subscribers can opt to receive Affiliate News, which includes The Three Rivers News and The Penquis Forums. For more information on The Newsletter go to

<http://www.trcmaine.org/newsletter/>

2. TRC Contest - We are planning to do a Wheel Of Fortune style game. That would include an interesting fact, and you'd have to guess what it was. There would be monthly prizes and if you lived outside of the TRC area we'd get your prize to you some how. Need to find a sponsor to donate a prize for a trial run.

3. TRC will be starting an Obituaries section. Someone (Izzy?) to ask local funeral homes to mail (email?) us obituaries. Option for visitors to submit their own (well hopefully not *their* own) obituaries and also an optional picture. Izzy will also input obits from local papers into the database.

Bangor Daily News and The Observer

1. Bangor Daily News - We need to get permission for The Bangor Daily News. We haven't had that much trouble in the past with the website putting up articles from The Bangor Daily News. It's just that we can't put up all the articles due to we don't have permissions for all of the articles. So we are going to try and get a "Blanket Permission" for The Bangor Daily News Articles

2. The Observer - We are looking for The Observer to send us articles.

The Recreational Department

1. The Four Seasons - Well it seems like we don't have enough activities for The Four Seasons Recreational Department to continue on. So it's going to disband and become The Normal Recreational Department again. But there still will be such things as The River Walk and The Community

Band playing during the summer.

2. New Recreational Department Map - It looks like we might be getting our hands on a new Recreational Map. But don't quote me on that. I'll update when more information is available.

The Online Store

1. The Store - The online store is going under some changes. Due to it not working properly and losing some of the orders that people placed. But there is no need to worry. It just needs some work done to it by September, so keep on looking here and TRCMaine for more information as it becomes available .

Alumni - We need updated information from The Milo High School Alumni !!!

New Business

1. The Webcam Issues - We've been informed by The Milo Library that we can't put one up there. Because, our webcam needs an high speed connection and they won't be having one. We also tried to get on in the Brownville library that idea was shot down also. We are looking to put one up at The Superintendent's Office in Milo. Someone's probably going to contact the Superintendent to ask her. But we do have good news. Fred Trask wants to buy another webcam. We've been thinking of putting it on a Lamp Pole outside of Fred's building. And putting another one somewhere else in Milo. We're also interested in putting one in the Brownville Town Office. (Mike changed the featured pic to show off the new "Welcome to Brownville" signs.)

Advertising

1. Placemats - The Restaurant has placemats with Milo businesses on them. We are looking to get an ad on that.

2. Signs and Banners - We are looking to obtain banners and magnetic signs from AMB Signs. So look for that in the near future. There might be people with TRC Signs and or banners on their cars so keep an eye out.
